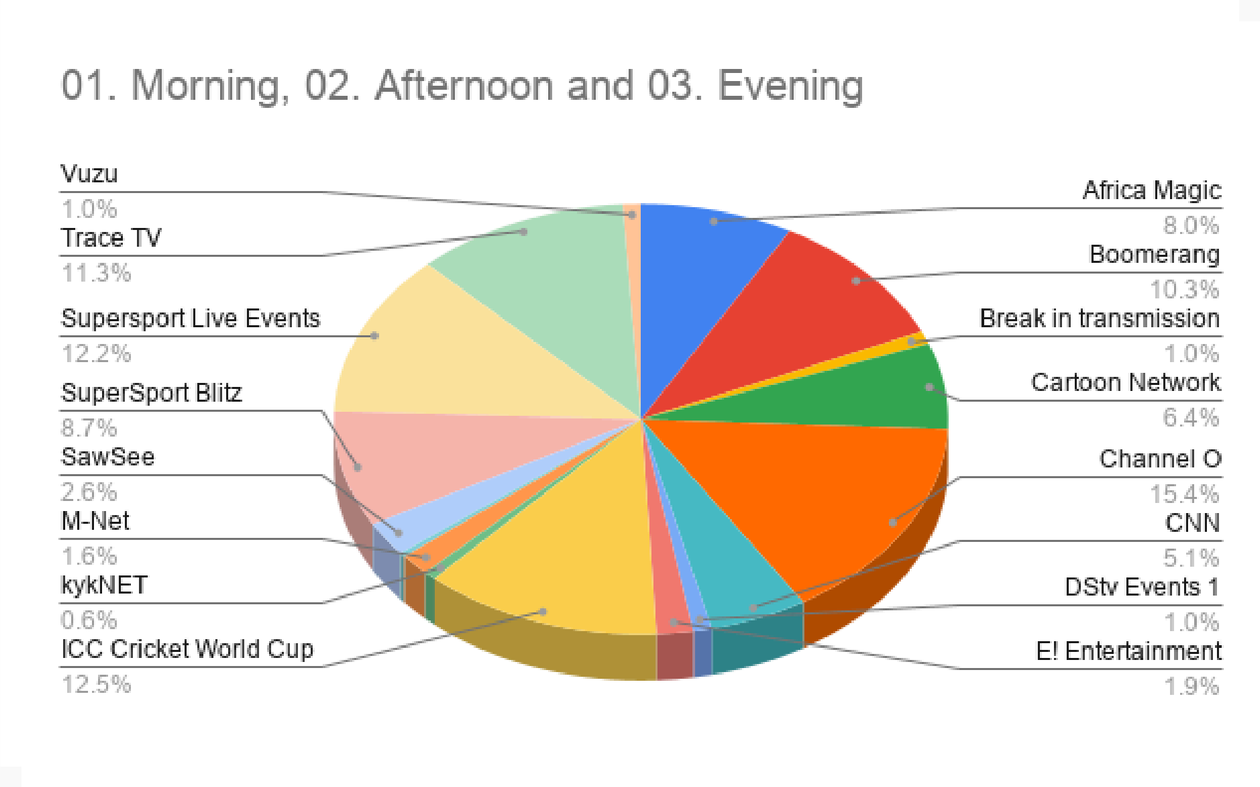
- people at the age of 25-34 they watches the bright TV nost the durring evining but the come in big numbers compared to other age groups.

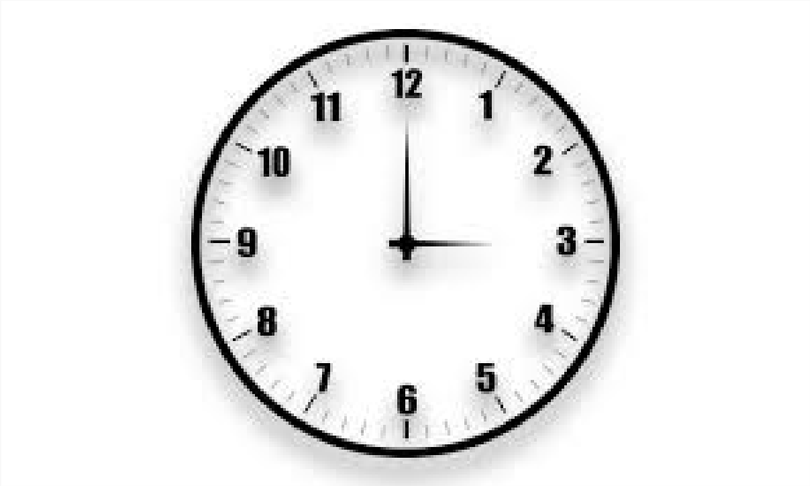
lowest perfoming

- People at the age of 55 to 64 years the do subscribe to bright TV most of them the are less the 25

Assuptions

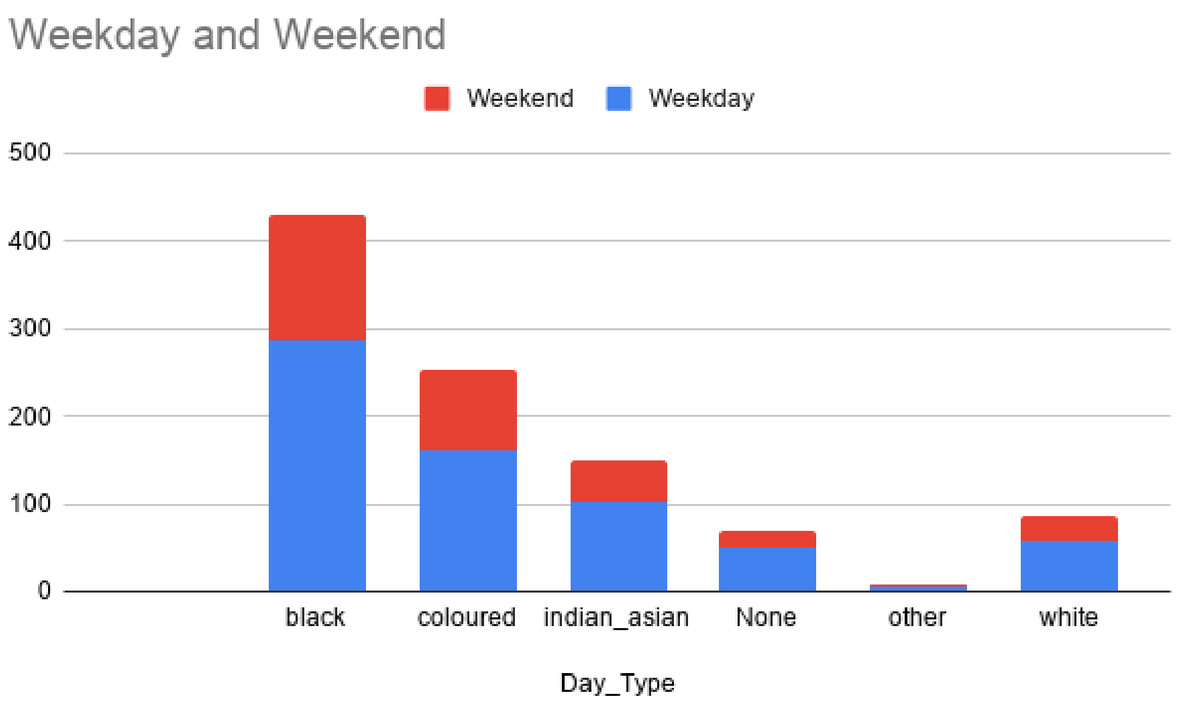
- It might happens that they don't like the most of the channels.
- It might happens that they don't understand the langueger mybe the content creaters are using one languege.
- it might happens the shows doesn't accomodate the most of them





THIS GRAPH SHOWING THE CHANNELS ACCODING THE TIME SPEND BY PEIOLE SUSCRIBING TO CHANNELS

- There is a small number of people who subscribe for channel kykNET wirch is 0.6%
- ALSO Break in transmission, Vuzu, trace TV there less suscribers 1.0%
- There are too subscribers in channel O



THIS GRAPH IS SHOWING THE STATISTICS OF PEOPLE WHO SUBSCRING TO BRIGHT TV DURING WEEK DAYS ACCODING TO THEIR RACES

- The most black peple subscribe the most compere to under races.
- the white subscribe less.

what should be done for bright TV to attract more subcribes.

- The BRIGHT tv need to change channels and set channel that accommodate all age group.
- Bright TV Must make sure that their channel accomodate all races.
- Bright must bring entertaining channels so that the most of young people regain the interest on Bright TV.
